

FRIEND Your Library!

One of our library's greatest assets is our Friends of the Library! What is a Friends group? A Friends group supports a library through donations of both time and money. At SLPL, our Friends make things happen for our library patrons, staff, and facilities.

Friends provide author visits, programs, supplies, equipment, snacks, & the Summer Reading program for library users.

SLPL's Friends group began a newspaper digitization project many years ago. Working with other library Friends groups in our county to digitize over 100 years of local newspapers!

We also provide the Dickinson County Cemetery Index.

SLPL's Friends group sponsors online databases and features that promote learning and entertainment for our patrons and community – more important than ever during the pandemic!

Friends gave away hundreds of bandanas for facemasks.
